A Wonderful Celebration of Five Fantastic Years

A festive throng gathered on March 15th to celebrate the Nambale Magnet School's fifth birthday. Amid silent auction items, a live auction, a wonderful dinner and inspiring remarks, this remarkable achievement was toasted.

Evalyn Wakhusama spoke movingly of the initial inspiration for a residential school such as this as she witnessed the tragedy the AIDS crisis visited upon her people. She spoke of wanting to save a generation rapidly being orphaned, to turn the tide of heartache and unspeakable poverty into a hope for the future. ([Download her remarks here.](#))

And so we go on to the next five years. With your continued support, and that of new donors, we will continue to expand

classrooms and dormitory space, strengthen our staff and infrastructure, create an endowment and eventually build a high school and conference/guest facility to help sustain both schools. Thank you for being part of the Nambale success story!
